

# Aiki-Budo Centre Weapons Syllabus

The following weapons techniques have been added to the current Kyu testing syllabus. They must be prepared and demonstrated in addition to your Tachi Waza (Kyu techniques).

## 9th Kyu and 8th Kyu:

No weapons techniques; strongly suggested that students acquire a bokken so as to participate when weapons techniques are taught in class. To advance beyond this level will require a bokken.

Techniques 1 through 8 of the Kyu syllabus to be performed with bokken (kamae, first four basic movements, seiza ho and shiko ho).
